

# Refuz botnița sclaviei noii ordini mondiale

UPDATE:

La ora la care se publică acest film pe site, You Tube și Facebook au luat măsuri ca acest film să nu poată fi distribuit.

Facebook mi-a luat dreptul de a mai publica pe grupuri de două săptămâni, iar pe You Tube filmul nu mai este indexat între filmele mele, deși el poate fi vizualizat, ceea ce înseamnă că nu este încă șters.

I-am scris acest mesaj domnului Zuckerberg. Până acum rămân blocat. Niciun răspuns.

Please add to this the Romania Constitution's provision of article 30, which states that ALL KIND OF CENSORSHIP IS PROHIBITED IN ROMANIA, and know that you are an outlaw in America, as well as in Romania, for as long as you conduct profitable business on Romanian soil, and you make the big buck here, you are bound to observe the Romanian Law, which in the matter of censorship is identical to that of the Presidential Executive Order issued on March 28, 2020.

Therefore, I DEMAND THAT YOU RECONSIDER THE DECISION OF BLOCKING MY ACCESS TO THE GROUPS I AM MEMBER OF, FOR A SECOND WEEK IN A ROW, FIVE MINUTES AFTER I HAD FINISHED "SERVING" MY FIRST "SENTENCE", APPLIED THE SAME DICTATORIAL WAY. I am not breaking the law, I do not incite to hatred or violence, so you have no reason to shut me out, and if you still do it, I demand that you prove your case as you would, if you were called in a court of law for infringing both the US Executive Order and the Romanian Constitution. I trust that I will be free to write against at my leisure presently, Yours business partner in as much as my mere presence on your website makes you money, Mihai-Silviu Chirila PS. Please take a friendly advice and, if you can not abide by the Romanian fundamental law, pick up your website and relocate. We'll live without, trust me.

Nu știu dacă decizia aparține celor două siteuri direct sau dacă pe undeva au intervenit serviciile românești de control și cenzură. Vom vedea.
